

INSTRUCTIONS FOR USE

Bath grab bars 30 cm / 40 cm / 45cm / 60 cm

Product code: **HOLD-TIM-30 / HOLD-TIM-40**
 HOLD-TIM-45/ HOLD-TIM-60

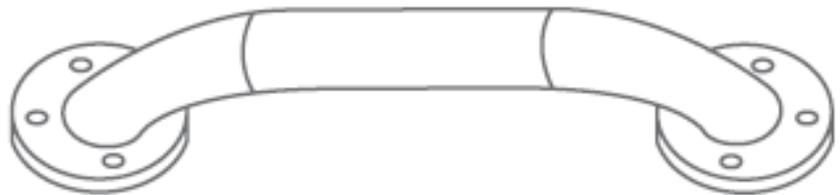

1.Characteristic

The bath grab bar is made of durable water-resistant plastic. The surface of the grab bar is corrugated which guarantees a firm grip even in wet conditions. The grab bar can be mounted vertically or horizontally. Mounting hole covers are included.

The set includes:

- grab bar
- wall plug with screw - 6 sets

2. Application

Bath grab bar is ancillary equipment which facilitates tilting to erect position and keeping balance. It is recommended for people with reduced mobility that prevents or hinders the unassisted performance of daily living activities. The grab bar also increases the safety of elderly people using sanitary facilities. It is recommended for use in showers, baths, bathrooms and other humid rooms. For use at home and in hospital.

3. Assembly

Step 1. Before installation, determine the place where the grab bar is to be mounted. While pressing the bracket, mark 6 mounting holes on the wall.

Step 2. Using a impact drill, drill 6 mounting holes at the marked locations.

Step 3. Using 6 wall plugs with screws, install the grab bar.

NOTE: the type of wall plugs should be adapted to the type of wall (concrete, brick, hollow block, etc.). The included wall plugs are the universal type.

4. Technical data

Product code	Length / Width	Weight
HANDY-TIM-30	30 cm	0,46 kg
HANDY-TIM-40	40 cm	0,56 kg
HANDY-TIM-45	45 cm	0,61 kg
